S2S Resource Center
Getting Started

Welcome to the Students 2 Science Resource Center! This guide will assist with gaining access and navigating the STEM content available to you. Enjoy!

REGISTRATION

To fully access the courses, please **COMPLETE THE ONE-TIME REGISTRATION**

SITE NAVIGATION

There are several ways to access information.

FROM THE HOME PAGE

- When in doubt, if you get lost in the site, you can click "house" icon to return to the Home Page.
- You can find the major content categories listed.
- Each page will have a header bar to navigate to **"RECENT COURSES"** or to the **"COURSE SEARCH"**.
- Look for the 3 lines on the left of the toolbar shown below. They will expand to show word and icon shortcuts.

- Recent courses will appear in the drop-down **"RECENT"** tab.
- The **"COURSE"** tab will allow navigation to all courses or to conduct a course search that uses keywords. You can search by:
  - -Company
  - -Speaker's name
  - -College of interest
  - -STEM keyword
  - -Topic
- Courses have an image with course title on top and course summary at the bottom. Click the image to launch the video. Each course also has a subsection below the image that offers additional info on the content.
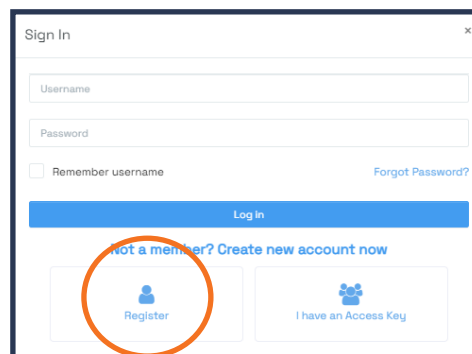

IF YOU HAVE QUESTIONS OR PROBLEMS REGISTERING OR ACCESSING CONTENT, EMAIL: RESOURCECENTER@STUDENTS2SCIENCE.ORG

COURSE SELECTION

1. Find a category and course that sounds interesting. A variety of STEM content categories are available in the boxes at the bottom of the Home Page.

2. Use the arrows to see additional categories.

3. Click "**VIEW**" to see courses available under that category.

4. When you click on a specific course, the **"COURSE SUMMARY"** will appear.

5. Click **"ENROLL NOW"** button to fully access the course. If you haven't already registered, you will be prompted to register.

6. When you are prompted to enroll, unless you have received an access code from an instructor, please select **"REGISTER"**.

7. Be sure to follow the guidelines to create your password. Your password **must** be at least 8 characters and include:
   - -Capital letter
   - -Lower-case letter
   - -Number
   - -Special Character

8. Click **"SUBMIT"**. The most common reason a registration is unsuccessful is because the password does not meet requirements.

9. You will be returned to the **"COURSE SUMMARY"** page. Click **"ENROLL NOW"** and you will be admitted to the course!
